

The Future is now with the RA660 Navi XL

Over 500 satisfied customers worldwide. The new XL model optional with autonomous docking station for 24/7 cleaning.

ra660navi.com

The latest generation of the proven RA660 Navi industrial floor cleaning robot.

The RA660 Navi XL is ideal for all applications where cleanliness and hygiene are of utmost importance. Equipped with an intelligent cleaning system, three cleaning brushes and water suction, it is capable of cleaning any surface autonomously and efficiently – even in complex and crowded areas. With its redesigned user interface and remote application system, you have total control over your cleaning assistant. The autonomous docking station is also a great way to charge the RA660 Navi XL automatically.

Works perfectly in
