

RA660 Navi XL

The Future of autonomous industrial and commercial cleaning

Over 500 satisfied customers worldwide.
The new XL model with app control and optional autonomous docking station for 24/7-cleaning.

ra660navi.com

The latest generation of the proven RA660 Navi scrubber-drier robot.

The RA660 Navi XL is perfect for all applications where cleanliness and hygiene are of utmost importance. Equipped with an intelligent cleaning algorithm, three cleaning brushes and a powerful suction nozzle, the RA660 Navi XL is able to clean almost any hard surface fully autonomous, even in complex and busy areas. With its newly designed user interface and remote control, you have full control over your cleaning assistant, no matter where you are. With the new autonomous docking station, based on the KUKA carla_connect charging assistant, 24/7-cleaning can be enabled through automatic water refilling and battery charging.

Works perfectly in

- ✓ Warehouses
- ✓ Hospitals
- ✓ Train Stations
- ✓ Airports
- ✓ Malls
- ✓ Industrial Facilities
- ✓ Universities
- ✓ Event Centers
- ✓ Production Areas
- ✓ Stores

Specifications

Water tank volume	110 l	Update Interface	External accessible
Weight (with water)	313 kg	Communication	LTE, WiFi, GPS
Height	1'185 mm	Water level indication	Yes (touchscreen/app)
Dimension	1'010 x 850 x 1'185 mm	Reporting service & web API	Embedded
Working width	660 mm	Remote access	Yes (via app)
Battery running time	3-4 h	Navigation system	BlueBotics ANT® lite+
Charging time	40 min (80%) 60 min (100%)	Autonomous docking station	optional

Super efficient

with its intelligent cleaning algorithm the RA660 can clean more than 1'250 m²/h

Intelligent by design

with its unique shape it can enter narrow areas of 1.2m width and 1.2m height.

Simple setup

and an intuitive app. The control is in your hands, no matter where you are.

The fully automated docking station based on the charging assistant **KUKA carla_connect**

Reliable v-shaped **brush layout**

User-friendly **control interface** with remote access (via app and tablet)
